

HIPAA

Where are we now?

Where do we need to go?

How can we get there?

NCVHS

Application Security Guidelines

- *Does the application store individually identifiable health information?*
 - *User ID and Password?*
 - *Audit Trails?*

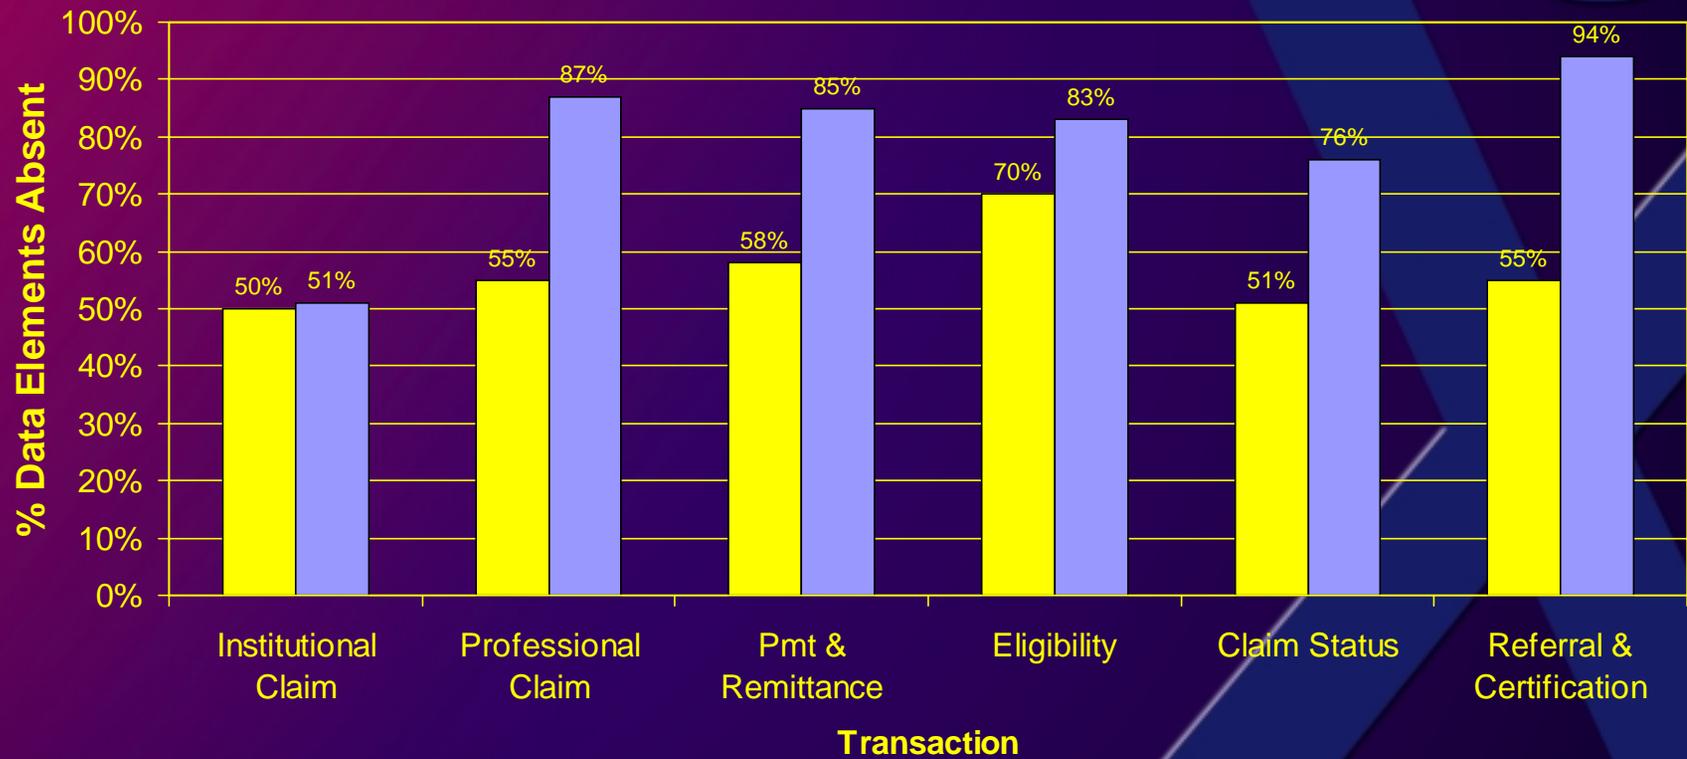

Application Security Compliance

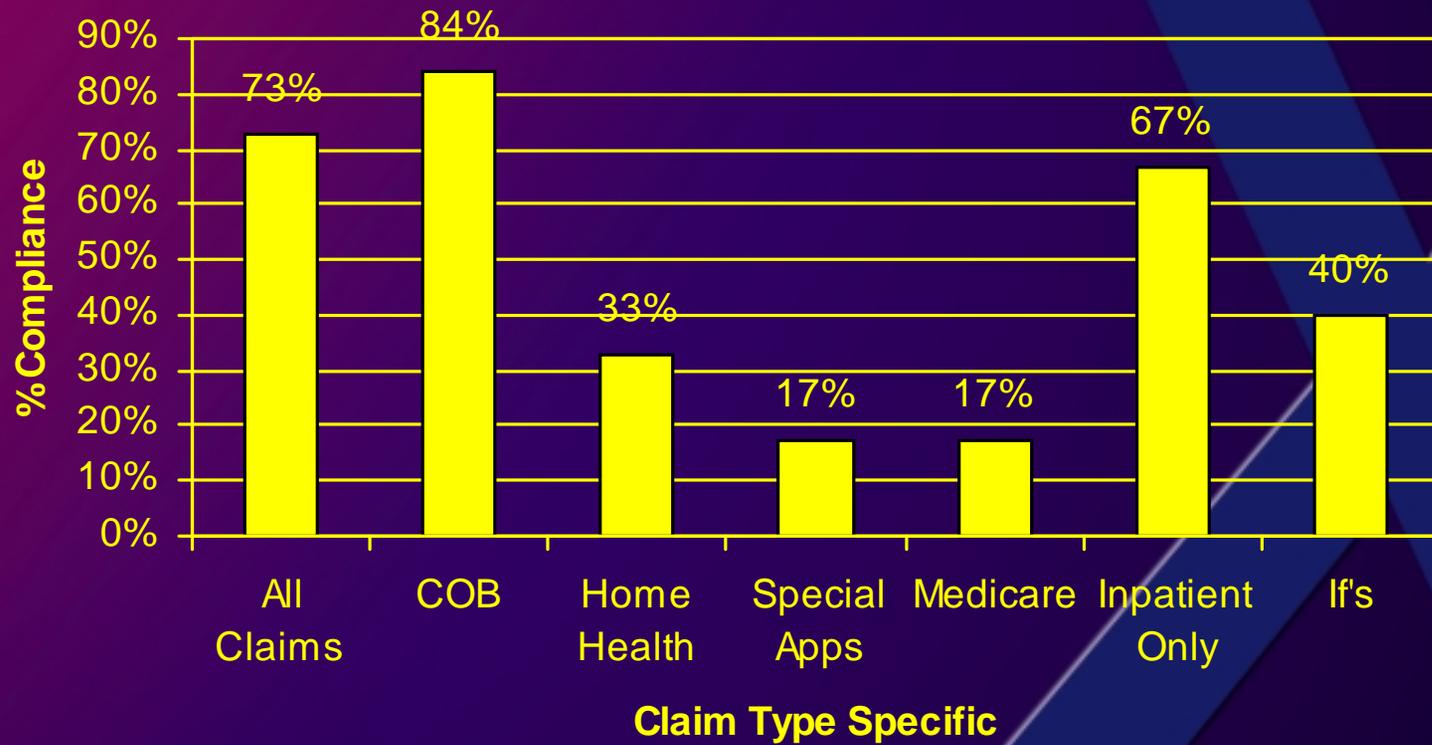

Policies and Procedures & Technical Security

- *Security Policies & Procedures*
 - *18% overall compliance*
 - *30% partial compliance*
 - *52% not addressed*
- *Technical Security*
 - *11% compliance*

Transaction Compliance

Institutional Claim Detail

Identifiers

- *Currently collecting some type of identifier information*
- *Bills currently include this information*
- *Applications unable to support changed identifier field sizes*
 - *National Provider ID*
 - *34% can currently store new size and format*
 - *National Employer ID*
 - *42% can currently store new size and format*

Medical Data Code Sets

- *Currently will use ICD9-CM, CPT 4, and HCPCS*
- *Mandate is to move to a single procedure code system*
 - *Diagnosis Code*
 - *25% - 43% will be able to collect ICD 10-CM*
 - *Procedure Code*
 - *32% - 75% will be able to collect ICD 10-PCS*

Non-Medical Code Sets

Example: Individual Relationship Codes

<i>Description</i>	<i>X-12</i>	<i>UB-92</i>
<i>Spouse</i>	<i>1</i>	<i>2</i>
<i>Self</i>	<i>18</i>	<i>1</i>
<i>Child</i>	<i>19</i>	<i>3</i>
<i>Unknown</i>	<i>21</i>	<i>6</i>

NDC

Collected in Pharmacy Systems...

But not passed to Billing Systems

- *Storage sizes for HCPCS are 5 positions*
- *Storage for NDC will require 11 positions*
- *Maintenance of code in Pharmacy system is neither consistent nor timely*

How can we get there?

- *Requires major coordination between providers, vendors, and payors*
- *Providers need to evaluate where they are now and determine changes required*
- *Providers need to determine where they will get their biggest payback then*
 - *Work with payors to determine their plans and timeline*
 - *Work with vendors to meet timeline*

How can we get there?

- *Initiative will impact every component of the healthcare business today*
- *All hospitals, physicians, insurance companies, and vendors have a significant role to ensure success*
- *Short term will require tremendous work effort*
- *Long term will create more secure environment and financial rewards*
