NCHS Budget Chronology

■ PHS Evaluation
 ■ PPHF
 ■ Reimbursables (obligations)
 ■ Working Capital Fund

* Working capital funds not received in FY 2012 and FY 2013 – adjusted for comparison to FY 2014 only

Activities & Program Highlights

**Responding to Data Needs
for Health Policies and Programs**

Responding to Data Needs: Targeted Populations

- **NHIS is collecting sexual orientation for the first time**
- **Completed NHANES National Youth Fitness Survey in 2012, first assessment of youth physical activity in over 20 years**
- **Continue to oversample Asian Americans in the NHIS and NHANES**

Responding to Data Needs: Innovative and Complementary Data Collection Methods

- **Testing methods for collecting biomeasures in the home as part of the NHIS**
 - **Height**
 - **Weight**
 - **Dried blood spots**
 - **Blood pressure**
- **Pilot studies using EHRs**
- **Small area estimation research**

Responding to Data Needs: Monitoring Changes in Health and Health Care

- **New and existing questions on NHIS and NAMCS/NHAMCS providing baseline and trend data used to evaluate ACA including:**
 - **Health insurance**
 - **Access to health care**
 - **Care provided in physician offices, emergency and outpatient departments and community health centers**
- **NAMCS/NHAMCS cardiovascular disease look-back module assessing clinical management of risk factors for heart disease and stroke**

Responding to Data Needs: Improved Timeliness for Vital Statistics

- **2011 preliminary reports for births and deaths published 9 months after the close of the year ... Best in many years.**
- **2012 preliminary reports will come out even faster ... late this summer!**
- **Final files released earlier**
- **National Death Index more current and flexible**
- **Fetal death reports and data will be caught up this year: 2007-2011**

Responding to Data Needs: Classifications & Standards

- **CDC ICD-10 Transition Workgroup activities**
 - **New internal “ICD-10 Is Coming!” awareness campaign for CDC leadership and programs**
 - **Developing a transition website for users of already-coded ICD data**
