

Final Meeting Agenda
NATIONAL COMMITTEE ON VITAL AND HEALTH STATISTICS
Working Group on Data Access & Use
National Center for Health Statistics
3311 Toledo Road, Auditorium B&C, Hyattsville, MD 20782
June 20, 2013

- 1:00 p.m. **Bryan Sivak, CTO, HHS *dial-in***
- Overview of topics and input requested from the Working Group.
- 1:15 p.m. **Working Group as Reactor Panel**
- Richard Dale, COO Optum Labs, Cambridge and Paul Wallace, M.D., SVP Lewin Group**
- Optum has bought Humedica software analytics platform. Optum Labs has clinical data from Mayo and Humedica and claims from United. The goal is to now facilitate collaborative research using this large data asset. What could be the potential of this endeavor? What could be the obstacles?
- Dwayne Spradlin, Health Data Consortium**
- Discussion
How will big data enable the future?
How will big data enable the present?
What is needed to get there?
- 3:15 p.m. Break
- 3:30 p.m.
 - [Review Needs of Communities from Joint NCVHS Roundtable, April 30 - May 2](#)
 - Brainstorm “outside the box” on how to get needed data to the community
 - What is potentially possible? (draw on Datapalooza examples, HHS data, New CMS You tube etc.)
 - What are the obstacles today? (e.g. issues raised at roundtable, Bill Davenhall findings on Healthdata.gov)
- 4:45 p.m. Wrap up: future meetings, next steps, including plans to coordinate with Full NCVHS Membership and Priorities
- 5:00 p.m. Adjourn Workgroup
