

ICD-11 Request for Information (RFI)

Second RFI issued in the Federal Register October 16, 2023

- 90-day comment period, responses due January 12, 2024
- This RFI seeks input on ICD-11
 - content requirements,
 - burden reduction opportunities,
 - governance,
 - impact on standards, systems, workforce, and resource needs
- Posted at: <https://www.federalregister.gov/documents/2023/10/16/2023-22753/national-committee-on-vital-and-health-statistics>

ICD-11 WG Next Steps

- **2023** - Deliver Phase 1 Workgroup Findings Report to NCVHS full Committee (done!)
- **2024** - Analyze responses received from second RFI – then report to NCVHS full Committee with findings
- **2024** - Develop additional/new findings, analyses, discussion points
 - Objective is to provide information to inform/ support recommendations to be developed by the NCVHS full Committee in consultation with the WG in 2024, i.e., ICD-11 policy for U.S. adoption and implementation for morbidity coding
 - May require additional hearing(s) or expert roundtable in 2024

National Committee on Vital and Health Statistics
